--------------------	-------------	--------------

In order to activate your roaming account, Magma requires a credit card number. No accounts will be created without one. The credit card is only used as a form of security and will not be charged unless that is your desired method of payment.

1. I authorize Magma to bill my account for any charges I incur while using the iPass Roaming service. The fees are as follows:
 2. There is an hourly charge for using the iPass service. This fee is listed, along with the access numbers in the iPass Connect software.
 3. My account will be charged each month by Magma for my iPass connections. Charges are calculated based on actual connect time, tracked to the second. Magma rounds these charges to the nearest minute. These rates are based on the per hour charge as found in the iPassConnect software.
 4. I also understand that any phone charges incurred while using this service are my sole responsibility. An example would be a Hotel charging you for each outgoing phone call.
 5. Due to the nature of this roaming service, I understand that Magma can not in any way guarantee the quality or availability of the Internet connection, or be held liable for any losses or additional charges. As such, Magma is not responsible if I am unable to connect to the Internet while using the roaming service under any circumstances.
- Fees, Invoicing, Payment
1. Magma will bill the Client based on their choice of Account.
 2. Magma will accept payment made by cheque, money order, cash, VISA, American Express, or Mastercard.
 3. If an account is in arrears for 60 days, the roaming portion of the bill will be charged to the credit card. Magma terms are net 30 days.

If your Userid is part of a corporate account and you are not authorized to sign on behalf of your organization please have the appropriate person sign the form. Otherwise it will not be processed.

You will be emailed the final details for your new iPass account. You will have to download and install the iPassConnect software onto your computer. The software is available for both windows95/98/NT/200 and Macintosh computers at www.magma.ca/tools/roaming.html

Please allow 24 hours to process your application.
